All-In-One Classroom AV Solutions

## Features & Benefits

### Accommodates any projector.

RoomPro Mobile accommodates a projector of your choice (not included) while providing superior projector control with Peerless Precision Gear — featuring a one-of-a-kind exterior mechanism for quick, convenient front/back and left/right adjustment.

### Fingertip control.

Your teachers will enjoy full control of the classroom at the touch of a button with RoomPro Mobile's built-in, flip-up control panel that provides fast, convenient access when needed and folds flat when not in use — freeing up valuable space.

### Convenient, innovative features.

RoomPro Mobile is designed to handle all AV equipment needs and includes an innovative shelf that slides both directions depending on teacher preference, a locking projector door, storage shelves below for computer or AV equipment, and a drawer for extra storage.

### Rugged, sturdy design.

RoomPro Mobile is manufactured with 16-gauge, powder-coated steel case and comes with a retractable power cord, an electrical power strip with integrated surge protection, and 5" wheels for easy maneuvering.

### Virtual management.

Let your teacher manage the classroom virtually from a computer, wireless tablet or interactive whiteboard with RoomPro ONE's control panel emulation software that provides mobile control and eliminates the need for cumbersome classroom remotes.

### High-performance microphone system.

RoomPro Mobile's (optional) infrared (IR) microphone system offers optimized voice enhancement and 360° sound reinforcement for full-classroom auditory learning while ensuring teachers' lessons won't be interrupted by outside interference.

### Easy voice amplification.

RoomPro Mobile includes an IR Pendant-Style Microphone that features an audio input jack for seamless connection to an iPod®, MP3 player or optional plug-in headset that rests comfortably around the teacher's neck.

### Full audio capability.

RoomPro provides multiple audio inputs and one audio output to record lessons and create podcasts to share with others.
